## RED

Red is the color of danger, whether on the semaphore or on the skin. When the face is reddened by eruptions, when boils break out on the body, or the angry red of sores and ulcers is displayed in the flesh, it is nature's danger signal. The blood is obstructed and tainted by impurities, and there can be no safety until the blood is made pure.

Dr. Pierce's Golden Medical Discovery purifies the blood, and removes the effete matter which clogs and corrupts it. It cures pimples, boils, eczema, scrofula, sores, ulcers and other consequences of impure blood.  
 "I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Hood, of Kalkaska, Mich. "I suffered with scrofula of the head for twelve years. Tried every kind of medicine that I heard of but found no cure. Every one that looked at my head said they never saw anything like it. The last doctor I doctored with before applying to you I got worse every day. Was so miserable that I was unable to do any work at all. After taking two or three bottles of your 'Golden Medical Discovery' and using the local treatment you prescribed for me, I was cured and my head was entirely free from scrofula."

Accept no substitute for Doctor Pierce's Golden Medical Discovery. There is no other medicine which is "just as good" for diseases of the blood and the eruptions which are caused by the blood's impurity.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the book in paper covers, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Walter Lyons, Pied His Company While at a Newport Dance

For many years Hon. Walter Lyons the well known politician and newspaperman has visited the beach at Newport, where with his winning and charming ways he has led the social set. His popularity with the gentler sex is not on the wane, despite his many pleasant summer vacations, judging at least from the tale that is told by returning vacationists.

Walter is very fond of dancing and always attends the parties at the Newport hall. The other evening he escorted a young lady to the hop and spent a very pleasant time. When the hour to depart arrived Walter walked over to the lady that he supposed was his partner and asked her if she was ready to go home. Of course she said she was and the gallant scribe wandered forth hand in hand with the lady. She suggested another and strange road, in fact Walter did not quite understand the route but he said nothing and sawed wood.

The cottage was reached and at the parting Walter thanked her for the delightful moments that he had spent while in her company, when she asked him what he thought the other girl would do to him when he met her. The question puzzled the escort for a time, until it was explained that he had escorted the wrong girl home and the one that had been his partner going to the dance had been ruthlessly forsaken at the ball.

The mistake, for it was a mistake, was embarrassing, and at least accounts Walter was putting in most of his spare moments at the seashore dodging the irate young lady that had accompanied him to the dance. The story is a state secret but it leaked out, via the underground railroad.

**Found Skull in River.**  
 A number of loggers employed by the Spaulding Logging company while at work on a drive in the Willamette river at a point opposite Junction City a few days ago, found a human skull in the river, and they now have it in their camp as an ornament, it is said.

The finding of the skull causes conjecture as to where it came from and what person has drowned in recent years and the body not recovered. It recalls the fact that some 12 years ago Mr. Baldwin, whose widow and daughters now reside in this city, mysteriously disappeared. His hat was found in the river bank and he was supposed to have been drowned but his body was never recovered. If we remember correctly there have been one or two other drownings in the river in which case the bodies have not been recovered.—Eugene Guard.

**Do it today.**  
 The time-worn injunction, "Never put off 'till tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advise we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. At Dr. Stone's drug stores.

**Divers Supplant Rollers.**  
 Frank Albright, residing at Albany, a lad of 20 years made a successful dive from a ladder 79 feet high into less than six feet of water on last Sunday afternoon.  
 The ladder was erected in the mouth of the Calapooia river, where it empties into the Willamette at Albany, its top being higher than the floor of the Albany steel bridge.  
 This is the third time young Albright has successfully made the dive from the top of the ladder this summer. The feat equals anything of a similar nature ever seen on the coast. Mat Gray, John Mangies and others doing so better.
